It would be great if god removed all vaccines and warning labels from everything in the world and let natural selection take its course. All the fat ugly retarded crippled dumbass stupid fuckheads in the world would die, and oh fucking well if a few of the good guys die to. Maybe then the human race can actually be proud of itself. World war II is the last time I bet America was proud of its self. We beat the fuck out of the damn zipperheads and the nazis. We came back, from being bombed and loosing major battles to nuke that little piece of shit island and to take over that cool place called Deustchland. I say its cool because I love the German language and "BRUTE" stuff. Kein mitleid fur die merheit. Put everyone in doom I and see who can get past atleast level 1. Actually, then put them into MY worlds. Like Thrasher, Whiskey, UAC Labs, und TIER. I would love to see all you fuckheads die. NBK. I love it! sometime in april me and V will get revenge and will kick natural selection up a few notches. Armed with the following; a terroist bag full of noisey crickets, noisey crickets strapped to WD40 cans, pipe bombs with a shit load of shrapnel, fire bombs, chlorine gas bombs, and smoke bombs. Fire arms we arent sure of yet, hopefully V will have his #3 and plenty of ammo for it. thats another thing, ill fuck around with some shotgun shells for more bombs also. For me, I don't know what weapon ill have. I just want a firearm that can hold lots of bullets and that wont jam on me. So ill need lots of clips to. Ill have those strapped onto my chest. Maybe a bullet proof vest too. We will be in all black. Dusters, black army pants, and we will get custom shirts that say R or V in the background in one big letter and NBK in the front in a smaller font. We will have knifes and blades and backup weaponry all over our bodies, I will have a tattoo of REB on my right arm. Once we start we will wear balaclavas. First we will go to the house of fag and brooks in the morning before school starts and before anyone is even awake. We go in, we silently kill each inhabitant and then pin down brooks and fag. Then take our sweet time pissing on them, spitting on them, and just torturing the hell out of them. Once we are done there we set time bombs to burn the houses down and take any weaponry that we find, who knows we may get lucky. Then get totally prepared and during Alunch we go in and park in our spots. With sunglasses on we start carrying in all of our bags of terrorism and anarchism shit into our table. Being very casual and silent about it. its all for a science/band/english project or something. Then, we sit down, play some pumpup music, light a 50\$ stoge, and get ready to start throwing out the first wave of crickets. Then, we light them, and throw them as far as we can, once the first wave starts to go off and the chaos begins, V opens fire and I start lobin the firebombs. Then I open fire and V starts lobin more crickets. Then if we can we go upstairs and go to each classroom we can and pick off fuckers at our will. If we still can we will hijack some awesome car, and drive off to the neighborhood of our choice and start torching houses with molotov cocktails. by that time cops will be all over us and we start to kill them to! we use bombs, fire bombs, and anything we fucking can to kill and damage as much as we fucking can. if it comes to the time when we are trapped with absolutely no way out, we eat crickets along with a ton of chlorine or some other deadly gas. so when we die, so will anyone close to us. if we have figured out the art of time bombs before hand, we will set hundreds of them around houses, roads, bridges, buildings and gas stations. anything that will cause damage and chaos. if you have ever seen the first few clips of violence in INVASION USA youll know what im talkin about. itll be like the LA riots, the oklahoma bombing.

WWII, vietnam, duke and doom all mixed together. maybe we will even start a little rebellion or revolution to fuck things up as much as we can. i want to leave a lasting impression on the world. and god damnit do not blame anyone else besides me and V for this. dont blame my family, they had no clue and there is nothing they could have done, they brought me up just fucking fine, dont blame toy stores or any other stores for selling us ammro, bomb materials or anything like that because its not their fault, i dont want no fucking laws on buying fucking PVC pipes. we are kind of a select case here so dont think this will happen again. dont blame the school, dont fucking put cops all over the place just because we went on a killing spree doesnt mean everyone else will and hardly ever do people bring bombs or guns to school anyway, the admin. is doing a fine job as it is, i dont know who wil be left after we kill but damnit dont change any policies just because of us. it would be stupid and if there is any way in this fucked up universe we can come back as ghosts or what the fuck ever we will haunt the life out of anyone who blames anyone besides me and V. if by some wierd as shit luck my and V survive and escape we will move to some island somewhere or maybe mexico, new zeland or some exotic place where americans cant get us. if there isnt such place, then we will hijack a hell of a lot of bombs and crash a plane into NYC with us inside iring away as we go down. just something to cause more devistation.
